

Complete Payroll Solution for Canadian Small Businesses

Acclaim Plus is a cost-effective and comprehensive payroll system, developed by Canadians to address the needs of small Canadian businesses

Customers come first

Paymate has been listening attentively to customer's concerns since 1987. Implementing ideas and suggestions from customers has been key to the development of Acclaim Plus. The result? A superior product, that strikes the perfect balance between ease of use and flexibility.

Widespread appeal

Thousands of customers currently benefiting from using Acclaim Plus come from all industries and professions across Canada including:

- Accountants
- Construction
- Veterinarians
- Dentists
- Service industry
- Distribution
- Retailers
- Doctors
- Manufacturers
- Auto dealers

User-friendly features

Acclaim Plus, with improved new graphics, is Windows-based and has all the high-end features you expect and need to run payroll effectively. Setup is so simple that a first time user can usually run a payroll confidently in less than an hour.

Timely, worry-free support

Responsive product support is our top priority. Paymate provides immediate telephone support, and promptly answers your questions submitted by fax or e-mail. Support agents can even help you by using a remote desktop connection to solve the more challenging problems. Paymate's one-time-fee maintenance service includes the latest program updates and enhancements, as well as quick, timely tax table updates.

Control and convenience

With Acclaim Plus, you can run your payroll and have full access to your data when you want it. Miscommunication with outside services is eliminated, while containing the ever-increasing costs of payroll and associated services. Plus, you earn interest by keeping payroll source deductions in your own bank account.

Improved security and data integrity

Your payroll data is protected through multiple levels of password controls. Different users can also have controlled access to payroll data.

Functional and flexible

Acclaim Plus supports multiple companies, salaried and hourly payroll, multiple pay frequencies and multiple pay rates. You can also run on demand payroll runs for bonuses, vacation pay, expense reimbursements, termination pay, etc. You can pay contractors with Paymate Acclaim without affecting the regular source deductions.

Powerful reporting

You can preview all reports before printing with an option to select the data using easy to use report parameters, giving instantaneous access to the data you need. Reports can also be exported to PDF format.

Acclaim Plus solves payroll problems for small businesses.

Time clock interface

This interface allows you to capture the timesheet information collected by a PC-based time clock, eliminating addition and data entry errors.

Ease of use

Once you key in the hours, Acclaim Plus handles the rest. It calculates all earnings and deductions and prints your cheques. Many time saving features are available to you, including a comprehensive online help section and a popup notepad for each employee.

Tax forms features dramatically reduce year end pressures

Paymate Acclaim Plus is equipped to handle your legislative reporting requirements:

- Print the T4, T4A, Relevé-1 as well as the ROE for former employees.
- Tax forms can be printed on blank paper or government forms. You can also upload your tax forms to CRA website.
- Email T4's enable you to send T4 slips directly to employees (encrypted and password protected.). Combine this feature with e-filing of T4's to shorten your year end processing dramatically.

Personnel information

Detailed personnel information is available at your fingertips including: training and education, reviews and increments, skills and benefits Information, as well as a notepad for other information specific to each employee.

General ledger interfaces

Acclaim Plus interfaces with over 50 of the major general ledger accounting packages, including Adagio, SAGE 50, Great Plains, Macola, MAS90, QuickBooks, Simply Accounting and more.

Job costing

Charge an employee's time to different departments, cost centers, projects or G/L accounts. Acclaim Plus also interfaces with popular job costing packages such as ACCPAC, Yardi, MAS90 and Solomon.

Bank direct deposit

Acclaim Plus interfaces with all banks and financial institutions across Canada, eliminating the signing of cheques and reducing bank charges for the processing of checks.

Customizable earnings, benefits and deductions

Acclaim Plus gives you the flexibility to create user-defined payroll categories. You can easily handle special payments such as bonuses and expense reimbursements. Furthermore, you can create taxable and non-taxable employer benefits along with pre- and post-tax employee deductions based on a fixed amount, formula, or percentile values to automate calculations and processing.

Optional email module

This optional module allows you to send T4's, pay stubs, pay slips, and pay advices (both of which are encrypted and password protected), directly to the employees' personal email accounts. Optimize your efficiency with our convenient and easy module for e-payslips.

New additional features

- **E-payslips:** Separate module with archiving of payslips
- **Emailing of T4's** at year end will save you hours during your busiest time
- **PDF reports** makes distribution of reports to managers quick and easy
- **Excellent integration with Sage 50 and QuickBooks**
- **Beanstream option** as standard for direct deposit feature
- **Improved graphics**
